Letter of Reference for Fire 1

In 2017 the Town of Smooth Rock Falls received a grant from the Ministry of Natural Resources and Forestry to develop a FireSmart Community Wildfire Protection Plan. Fire 1 was selected to create the plan on behalf of the municipality after a competitive request for proposals process.

I had the pleasure of supporting Rick Carbino, Lori Anne Stanger, and others from Fire 1 as they worked on this project in 2018. The project was managed in an organized and professional manner, and the final deliverables were detailed and well written.

I am fully satisfied with the work done by Fire 1, and would recommend them to other municipalities and agencies who require a well-researched wildfire protection plan or similar work.

Please do not hesitate to contact me should you have any questions or concerns.

Sincerely,

Sean Cairns,
Protective Services Manager
